

Since signing up for the Do Not Call list, I have been able to eat a meal in peace, and spend quality time with my family without undesired interruptions. If I want to avail myself of a product or service, I will look for it. I do not need someone calling me trying to push something I have no interest in. I work irregular hours and it never failed that when I was sleeping I would get a bothersome call. PLEASE LEAVE THE NJ DO NOT CALL LIST ALONE.
